Note 1: The minimum total credits required for graduation from this master's program for working professionals is 30 credits, including 3 credits for the thesis, 21 credits for required courses, and 6 credits for professional elective courses. Professional elective courses may include credits from other master's programs within the university, up to a maximum of 2 credits.

Note 2: Students admitted to this master's program based on equivalent qualifications must make up for 4 credits by completing the undergraduate courses in Biostatistics (2 credits) and Introduction to Nursing Research (2 credits) from this department (these credits do not count into the master's graduation requirements). Those who have previously passed these subjects (with credits not lower than the specified requirements) may apply for exemption during the first semester after enrollment.

Note 3: According to the "Implementation Guidelines for Academic Research Ethics Education Courses at Asia University," students who enroll from the 109 academic year (including that year) onwards are required to complete designated courses totaling 6 hours through the online platform of the Center for Taiwan Academic Research Ethics Education and achieve a passing grade on the final course examination before they can apply for the master graduate degree examination.
